Three German Art Deco Ceramic Monkey Decanters

Reference:

Description
These three smiling and wide eyed German art deco ceramic decanters are from the 1930's . If Dr. Seuss had designed monkey decanters (he didn't) they would look like this trio. In pink, blue, and green glaze with airbrush highlights, the fantastic creatures have one purpose, to make you smile. There is no indication they ever held any liquid. Each decanter is 10" tall and without any chips or breaks.
