

## Riedel Austria Hand-Blown Curled Decanter

### Reference:

MPD-007373

#### Description

Handblown Riedel Glass decanter with the original sticker. The curls in the handblown decanter create multiple oxygen pockets which aerate the wine at a much faster rate than a standard decanter and enables the bouquet and flavor of the wine to enhance as the liquid passes through the decanter toward the opening where it can be poured into a glass.  
Made in Austria and signed on the base

### Price:

\$650.00
