Inspired by movies such as Captain Nemo and Batman he's created wonderful renditions of these classic and much desired items. He's produced serveral "cocktail bars" desguised as the 20th Century Limited and his creativity is only limited by the amount of time available to craft the items himslef. Real leather is used for the seats in the boats and the cars. Aluminum is used for the metal. MODERNISM.COM is very proud of offering the Limited Edition works by this emerging artist.
