Art Deco Fleur De Lis Slip Shade 5 Light Short Chandelier

Reference:

MPD-001350
Description
These are lovely light fixtures originally made by Lincoln Lighting Co., circa 1930 in the Art Deco style. Our fixtures and shades have been molded from an original Art Deco antique, using the Lost Wax casting process, just as fine jewelry is made.

Available with different finishes and shade colors.

Shades are included with this fixture, and a choice of frosted or orange-tinted shades is available (as shown), in addition to the choice of brass or silver (nickel-plated brass) finish. Use the drop down menu to select your metal finish and shade color.

The five sockets can handle up to 100 watt incandescent bulb each, or purchase our optional LED Art Deco looking bulb 60□-WW-□E26, each using only 7 watts and putting out about 75 watts of incandescent equivalent light. Makes running the short chandelier all night long, perhaps as a nite lite, very economical indeed and cool to the shades as well.

This art deco light has an adjustable height of 12" to 31" by cutting the brass stem.

Spread is 19" with shades.
