Art Deco Slip Shade Lincoln 2-Tone 5 Light Chandelier

Reference:

MPD-001352
Description
This chandelier features gold highlights on a white metal frame just like the original Fleur de Lis fixture that's in our museum. We reproduced it exactly like our museum-authenticated Lincoln Mfg, circa 1930. Our reproduction is all lost wax cast in white metal to capture the best Art Deco tradition and style. We then add the polychrome gold highlights, making this reproduction difficult to distinguish from the original. All Art Deco light fixtures include the authentically reproduced shades, this fixture's shades have an orange tint. Five lights, with a pierced bottom design. The five sockets can handle up to 100 watt incandescent bulb each, or purchase our optional LED Art Deco looking bulb 60-WW-E26 , each using only 7 watts and putting out about 75 watts of incandescent equivalent light. Makes running the chandelier all night long, perhaps as a nite lite, very economical indeed and cool to the shades as well.
