Description Lovely Bohemian six shade COLBALT BLUE chandelier

Circa 1920-30

Original antique chandelier with an original antique glassware and drops.

The more recent cut glass shades are really quite lovely too.

The beautiful chandelier is Bohemian cobalt blue and clear crystal mixed with hand painted designs. The white flowers and gold gilt contrasting the with the TRUE colbalt blue hand blown glass is simply eye candy. A clear glass canopy to the top accents the colbalt

blue scroll decor and brass accents thru-out the piece.

Simply elegant and quality to the maximum. With a strong bulb, they give an ambiance that is quite lovely with the sparkle of the cut crystal. Not easy to find quality like this.

We took our picture with a mere 15 watt bulb so the camera lens would focus on the entire chandelier and shade detail... not get blown out by the strong bulb.

This chandelier has have been completely re-wired in our UL shop with new sockets and all new wire.

Measurements: The Overall sconce height is 45". The maximum width (shade) is 32".
