Art Deco Slip Shade Medieval Sconce

Reference:

MPD-001361
Description
This lovely deco sconce comes with an amber shade, frosted shade or a painted brown & white shade is also available. A choice of finish is available as well, Polished Brass, antiqued brass and Nickel. It's a part of the Lincoln Lighting Co's Medieval Group, and still carries a lot of design impact. There is an on/off switch on the base of the fixture.

Look for the matching pendant for small rooms, hallways and entryways; and an unusual slip shade chandelier, all cast from our original antiques. If you have an original antique Medieval sconce but need a replacement shade, please click here. Our shades are cast from an original and should fit well.

The socket can handle up to a 100 watt incandescent bulb, or purchase our optional LED Art Deco looking bulb 60-WW-E26, using only 7 watts and putting out about 75 watts of incandescent equivalent light. Makes running the sconce all night long, perhaps as a nite lite, very economical indeed and cool to the shade as well.
