Art Deco Chicago Double Sconce Light

Reference:

MPD-001387
Description
The best term to describe this series is simply: “Screaming Deco“, since that really is what every nuance and every square inch of design says. Covered completely with deco design and pictured with one of the most deco designed shades made in America, we just have to say…"Screaming!!". These fixtures are all substantial, with a great dark/light pewter contrast.

This part number is for a double wall sconce with porcelain sockets. Fixture easily accepts two 100 watt bulbs.

Pictured with both a frosted 0319G shade and an amber 0319AMG shade. Just could not resist taking a picture without the shade, since the metal itself is just so nice indeed.
