Description
Art Deco Streamline feel set of FOUR sconces

A hard to find set of four Circa 1920-30 set of sconces with great custard glass shades. The custard shades are in very good condition and seem to match the rounded decorative elements of the backplate quite well.

The metal is finished in an antique hi/lo pewter look and has some interesting decorative elements; reflecting an Edwardian appeal.

Electrical: These sconces have been totally re-wired in our UL shop. Normal bakelite sockets for everyday medium base bulbs have been installed in each. The off/on rotary switch is mounted onto the backplate which re-newed an identical one by Leviton. The sconce mounts with one normal sconce mounting all thread to a normal electrical box from within the case. All mounting hardware will be supplied.

A very nice Set of FOUR American made, sconces. Meas: 9 1/2”” tall. The shade has a maximum diameter of 5 1/2” while the backplate 9 1/2” by 4 3/4 max wide. Projects into a room from the wall a 7”

For the complete, re-wired set of 4 sconces, $ 650.00 plus careful packaging and shipping.

Price:

$650.00
