Very Decorative Over-the-Sink bathroom Light

Reference:

MPD-002708
Description
Probably 1940 or so...this over the sink light has lot of design and style appeal.

Judging by the original socket and wiring, which we replaced in our UL shop, it does have age to it.

This fixture takes two normal medium based light bulbs in a porcelain double socket.

The plug at the bottom has been stubbed off, and is not live. We consider it dangerous, since we believe that the only plugs that should be allowed in a bathroom should be GFI protected.

This fixture mounts on a normal crossbar, with two decorative knobs that can be seen in one of the pictures.

The shades are opal white, with lots of nice embossed decor. Very stylish.

Measurements: 14” wide by 6” high. The backplate has a footprint of 9 3/4” x 5 1/4”.

Price: $295.00 complete and ready to go with a mounting kit...plus reasonable shipping charges.
