Description
This vintage Art Deco cabinet features a bowfront design that provides a gently curving contour that is visually and stylistically pleasing. Made of a bookmatched Burl Walnut on the cabinet's exterior with the interior veneered in a ribbon figured Mahogany.

Bar service area features a "triple mechanism" bar movement - when the drop down bar service door is lowered, the top flips up and the bar service area moves forward. The original lamp automatically illuminates at the same time as well. The top bar service area features stylized reverse painted bar scene on the back mirror with gold striped reverse painted mirrors on the bottom area and on the drop down door as a cocktail prep surface. Six original bakelite martini picks and an original chromium juicer accompanies cabinet. Original lamp is seen in the bar service area that automatically illuminates when the drop down bar service door is lowered and automatically turns off when the door is closed.

Custom plate glass mirrors, plate glass shelf and LED lighting has been added to the bottom storage compartment. LED lighting is controlled separately of the original lamp in the top bar service by small remote.

Cabinet has been transformed using our luxe Italian polyester finishing product, hand sanded and hand polished on the exterior and interior surfaces into a beautiful gleaming mirror-like high gloss result.

The exceptional quality of our finish work is THE Deco-Dence Gallery difference!
