Description
1930's French Art Deco sideboard or credenza of a very clean lined and modernist design. The sideboard features several really beautiful and exotic woods all represented at the same time - the main body of the piece is Palisander with gorgeously grained Macassar Ebony on the substantial recessed base, rare Pearwood on the drawer fronts, and a stunning Quartersawn Birdseye Maple lining the display area behind the original sliding plate glass doors.

The hardware is so incredibly designer French Art Deco in its look and is the finishing touch to this beautiful "center of attention" piece. This piece is more than likely a French designer piece but without attribution just given its gorgeous exotic woods, appealing modernist design and overall presentation. One of the most striking elements concerning this piece is the beautiful contrasts and juxtapositions of the fine exotic woods and its modernist, clean lined design.

The piece has a stepped design with the two side compartments stepping up from the main center section and featuring rounded edges. It features four drawers clustered underneath the glass door display area, with the top left drawer featuring divided compartments and felt lined for silverware service. There are two shelves behind the left and right doors.

This piece has been carefully hand stripped and refinished to an exceptional mirror-like high gloss using Deco-Dence's trademark Italian polyester finish that is totally water and alcohol impervious and extremely resilient to bumps, bruises and scratches.
