Reference:

MPD-006449
Description
This very large polished stainless steel and etched flashed glass panel chandelier was originally installed in the Sonesta Beach Hotel on Key Biscayne, Miami. The stainless steel top of the chandelier accentuates the pattern of the glass. The chandelier could be installed in either a commercial application or in a large residential setting. The fixture is shallow for applications requiring a large chandelier with ceiling restrictions; a chain or rod can be added to extend the drop as needed. Wired and working.
