Description

This is an amazing carved wooden Garuda statue. In India and Southeast Asia the eagle symbolism is represented by Garuda, a large mythical bird with eagle-like features that appears in both Hindu and Buddhist mythology as the vahana (vehicle) of the god Vishnu. Garuda become the national emblem of Thailand and Indonesia; Thailand's Garuda is rendered in a more traditional anthropomorphic mythical style, while that of Indonesia is rendered in heraldic style with traits similar to the real Javan Hawk-eagle.
